

**APPLICATION FOR PERMIT  
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA**

Date of filing in State Engineer's Office JAN 06 2006

Returned to applicant for correction \_\_\_\_\_

Corrected application filed \_\_\_\_\_

Map filed DEC 05 1983 under 47481

\*\*\*\*\*

The applicant **The Beverly Joan Salhanick Trust of 2005; Steven Priedel; Jerome and Sylvia Romero; Archie and Antoinette Jones** hereby make application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated.

\*\*\*\*\*

1. The source of the proposed appropriation is **Underground**
2. The amount of water applied for is **0.1 cfs (not to exceed 1.46 million gallons annually) second-feet**
  - (a) If stored in reservoir give number of acre-feet
3. The water to be used for **Quasi-municipal – 4 homes**
4. If use is for:
  - (a) Irrigation, state number of acres to be irrigated
  - (b) Stockwater, state number and kinds of animals to be watered
  - (c) Other use (describe fully under No. 12. "Remarks")
  - (d) Power:
    - (1) Horsepower developed
    - (2) Point of return of water to stream
5. The water is to be diverted from its source at the following point **in the NW¼ of the NW¼ of Section 10, T.20 South, Range 60 East, M.D.M., Clark County, Nevada, at a point from which the northwest corner of the said Section 10 bears N. 51° 11' 49" W., a distance of 1495.82 feet.**
6. Place of Use **The NE¼ of the SE¼ of the NW¼ of the NW¼ of Section 10, T.20 South, R.60 East, M.D.M., Clark County, Nevada.**
7. Use will begin about **January 1** and end about **December 31** of each year.
8. Description of proposed works **Drilled well with electric pump, storage tank and piping to four residences**
9. Estimated cost of works **-0-**
10. Estimated time required to construct works **Existing 8 5/8" cased well drilled to a depth of 400'. See Well Log #53546**
11. Estimated time required to complete the application of water to beneficial use **2 years; need time to install meter and record meter readings**

12. Remarks: See Exhibit "A" attached hereto

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights and is further subject to revocation if and when water can be furnished by an entity such as a water district or a municipality engaged in furnishing water. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins, or before the Proof of Completion of Work is filed. It is understood that this right must allow for a reasonable lowering of the static water level. The well shall be equipped with a 2-inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued subject to State Engineer's Amended Order No. 1054, dated April 15, 1992, and is issued for water service to homes located on parcels identified by Clark County as APN's 138-10-101-011, 138-10-101-012, 138-10-101-013 and 138-10-101-014.

(Continued on Page 3)

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.10 cubic feet per second, but not to exceed 4.48 acre-feet annually.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

February 6, 2008

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

February 6, 2009

Map in support of proof of beneficial use shall be filed on or before:

N/A

IN TESTIMONY WHEREOF, I, TRACY TAYLOR, P.E.,

State Engineer of Nevada, have hereunto set

my hand and the seal of my office,

this 6th day of February, A.D. 2007

Tracy Taylor, P.E.  
State Engineer

Completion of work filed \_\_\_\_\_

Proof of beneficial use filed \_\_\_\_\_

Cultural map filed N/A \_\_\_\_\_

Certificate No. \_\_\_\_\_ Issued \_\_\_\_\_

EXHIBIT "A"

This Application is filed pursuant to the provisions of NRS 534.120(3)(a), which authorizes the State Engineer to grant a temporary permit. The applicants seeks this temporary permit, or revocable permit, with the understanding that it will be revoked pursuant to NRS 534.120(3), when the Las Vegas Valley Water District constructs a main close to, or in the near proximity of the four homes.

The nearest Las Vegas Valley Water District main is approximately 1,500 feet from the four lots. The lots, which will be served, are Clark County Assessor Parcel Nos. 138-10-101-011, 138-10-101-012, 138-10-101-13, 138-10-101-014.

This Application seeks to temporarily replace cancelled Permit 47481. That permit was cancelled prior to the above named applicants' purchase of their real property and home. They, therefore, were unaware of the cancellation.

The applicants agree to connect to the Las Vegas Valley Water District system in accordance with that agency's then existing service rules and in accordance with NRS 534.120(4)(a). Use map on file under cancelled Permit 47481.

It would be appreciated if the State Engineer would kindly send copies of all notices and correspondence to the following:
